TALENT MANAGEMENT IN 2019

How to Investigate Sexual Harassment Complaints

WOULD YOU HIRE THIS MAN?

Genius has no age limit—and neither should your approach to finding talent.
Universities and Colleges with a focus on Talent Management look well into the future to ensure there is a workforce in place that can respond to current and future challenges.

Talent Management strategies include workforce planning, recruiting, hiring, developing and retaining talent essential to achieve the goals of the organization.
TALENT MANAGEMENT CHALLENGES IN 2019

- College Resources
- Strategic Plan
- Faculty/Staff Skills and Needs
- Talent Pool
- Dynamic Environment (AKA Constant Change)
- Strong Economy – more saying “I Quit”
- More Workers Returning to the Workforce
TALENT MANAGEMENT CHALLENGES IN 2019

- Low Unemployment Rate
- Demographics and Multiple Generations
- Brain Drain through Retirements, Resignations, Promotions, etc.
- Lack of Skilled Labor
- Political, economic, social and technology (PEST) factors
- Business Life Cycle
- Government Barriers
Colleges must know what are the anticipated needs.....and understand it could (will) change quickly. This can be done by:

• Engaging hiring officials and human resources in Talent Management efforts
• Fostering an environment that embraces collaboration and change management
• Ensuring that Talent Management is a part of the Strategic Planning Process
• Focusing on the greater good for the college
TALENT MANAGEMENT

- Retention Gap
TALENT MANAGEMENT
WORKFORCE PLANNING

Solution Analysis

- Building
- Buying
- Borrowing
EMPLOYMENT LIFE CYCLE

Activities of employees during their tenure with the organization:

- Recruitment & Selection
- Orientation and Onboarding
- Training and Development
- Performance Management
- Transition (Career Management, Succession Planning and Separation from the College)

Colleges must be cognizant of this and how it can impact retention and advancement of faculty and staff
EMPLOYMENT LIFE CYCLE
RECRUITMENT AND SELECTION

- Employment Branding
- Web Site
- Accurate Job Information
- Effective Application Process
- Interviewing Techniques
- Testing
- Reference Checks
- Fully Investigate the Candidates
- Social Media Challenges
EMPLOYMENT LIFE CYCLE
ORIENTATION

First week/month
- Tax/Payroll forms
- Benefits Enrollment
- Parking
- Meeting Colleagues
- Learning the job and specific requirements (performance standards)
EMPLOYMENT LIFE CYCLE
ONBOARDING

First 12 months

• Proficiency in the position
• Understanding the college vision/mission/goals...and how one contributes
• Building Internal Relationships
• Experiencing the performance management process
• Learning to work with college leadership

EMPLOYMENT LIFE CYCLE
PERFORMANCE MANAGEMENT

- Performance Management
  - Use the process to identify the potential of employees and future leaders
  - Use for training and development activities
  - Remember, this can impact retention of faculty and staff within a given department
EMPLOYMENT LIFE CYCLE
TRANSITION

- Transition
- Turnover
- Career Management
- Succession Planning
For both the employer and employee, consideration must be given to career management and succession planning.

- Proper Alignment of:
  - People
  - Position
  - Values

- Retention and advancement of quality faculty and staff is essential to universities and colleges success in this dynamic environment.
Leaders like stability in staffing, but to really succeed, leaders must......

- Actively develop team members....seek out their goals and aspirations
- Delegate for team member growth (and yours too!)
- Be willing to accept turnover and change
- Embrace change through your leadership
- Be a champion for your team members
- Celebrate the successes of your team
MAKING TALENT MANAGEMENT A PART OF THE CULTURE

- Make the Business Case
- Secure Active Leadership Support
- Incorporate Talent Management Expectations in the Performance Management Process for hiring officials and leadership
- Establish Organizational Metrics
- Communicate Progress
- Adjust Course as Needed
CONSEQUENCES OF NOT HAVING A TALENT MANAGEMENT STRATEGY

• Loss of Key Talent
• Decrease in Productivity and Efficiency
• Loss of Support of Constituents
• Decrease in Organizational Responsiveness
• Negative Impact on Student Recruitment and Retention
